I would like to contribute to your organization as a full-stack web developer, leveraging my ability to develop E-commerce web applications using readily available web frameworks. With my passion for learning, I will be able to take part in empowering your team with my newly found coding expertise. With passion and determination I can do what I want. There is nothing impossible.

EDUCATION

480 Hours intensive THREE MONTHS COURSE | Tuitt Coding Boot camp, Metro Manila, PH

BACHELOR OF SCIENCE IN Electronics Engineering | The University of the East- Caloocan Metro Manila, PH

ABOUT ME

Since I High School I am worked so hard to achieved what I want. I am scholar way back High School. College, I tried to become scholar, but I manage but only 3 semesters only. I am not graduated In Electronic Engineering but doesn't mean I am done in Learning. I enroll in some Language training, and in Tuitt. I work representative tried to build our own business. One is works the is other is not.

I am average person, I put some extra works and training to become better. I learned that in TAEKWONDO. Persistent, humble and work hard are the good qualities. I become Trainor in taekwondo, it helps me to build my confidence.

Nothing is really impossible for people have dreams.
